FLOCK FRESH™

PREMIUM POULTRY BEDDING

Standlee Premium Western Forage® Flock Fresh™ is a blend of Chopped Straw, Alfalfa Forage and all-natural Clinoptilolite (Zeolite) granules. Designed for the backyard flock, Flock Fresh™ is scientifically formulated to reduce ammonia, promote digestive health and coop activity while creating a comfortable, dry and a nearly odor-free roosting area. Recommended by poultry professionals, this product is an all-around solution for seasoned and novice poultry owners. Straw and Alfalfa are non-perishable and can last for long periods of time if stored properly. This product is also highly recommended for composting. Each bag contains 2 cu. ft. (56.6 L) compressed or 10 cu. ft. (283.2 L) expanded.

Benefits:

- All-natural, hyper absorbent bedding
- Reduces odor and locks in ammonia
- Mix increases foraging activity and promotes digestive health
- Ideal for composting

Use Instructions – Spread bedding in coop roosting areas at a 4-6 inch depth for optimal results. Spread a layer throughout common area of coop for activity enhancement. Clean soiled bedding and reapply as needed. Discard soiled bedding in compost pile or trash. One bag typically covers 32 square feet at a 4 inch layer.

Notes:

Zeolite is a naturally occurring mineral which absorbs moisture and reduces odor. It is environmentally friendly and safe for humans and animals.

Usage Note – Standlee recommends removing Flock Fresh™ if your chicken(s) eat straw. Chickens who consume large amounts of straw have a higher risk of 'crop bind' which can result in death.

Landscaping/Composting Note – Barley or wheat seeds may be present and may germinate if used in gardens or for erosion control.

Storage Note – Always store Flock Fresh™ in a cool, dry and well-ventilated area.

Ingredients:

Barley Straw (chopped) or Wheat Straw (chopped), Clinoptilolite (Zeolite) granules, Alfalfa Hay Sun-dried (chopped).

Recommended for:

Chickens, ducks, game birds, pigs and other small animals.

If you have questions, please contact the nutritionists at Standlee Premium Western Forage® or consult your Veterinarian.
