HORSE FRESH™

BEDDING ADDITIVE FOR ODOR AND MOISTURE CONTROL

Standlee Premium Western Forage® Horse Fresh™ is an all-natural bedding additive for reducing odors and moisture in stables. Horse Fresh™ helps eliminate ammonia emissions and creates a comfortable, dry and nearly odor-free stable. This product is recommended by equine professionals. Horse Fresh is non-perishable and can last for long periods of time if stored properly. This product is also highly recommended for composting. Horse Fresh™ is available in 25 pound bags.

Benefits:

- All-natural and hyper-absorbent bedding additive
- Reduces odor and locks in ammonia
- Absorbs moisture extending bedding life
- Reduces flies
- Ideal for composting

Use Instructions:

Horse Fresh™ can be used with all bedding materials including straw, wood shavings, paper-based or other. Start by spreading approximately 5 cups of Horse Fresh™ per 144 Sq. Ft. on cleaned stall surface area. Mix-in up to 3 cups of Horse Fresh™ with preferred bedding material throughout the stall. Topically sprinkle Horse Fresh™ on bedding for the best and long lasting results.

Notes:

Zeolite is a naturally occurring mineral which absorbs moisture and reduces odor. It is environmentally friendly and safe for humans and animals.

Usage Note – Horse Fresh™ can be safely used as an additive for dog, cat, small animal and other animal species bedding.

Landscaping/Composting Note – Use horse waste and Horse Fresh™ to augment your garden and flower beds. Standlee recommends using a limited amount of wood shavings in your composter. Please consult with a master gardener or gardening expert for more information.

Storage Note – Always store Horse Fresh™ in a cool, dry and well-ventilated area.

Ingredients:

Naturally occurring Clinoptilolite Zeolite granules.

Recommended for:

Horses, chickens, ducks, game birds, rabbits, pigs, dogs, cats and other small animals.

If you have questions, please contact the nutritionists at Standlee Premium Western Forage® or consult your Veterinarian.
